

THE BARTON THEATRE

SUPPORTING LOCAL WINERIES

*Weslo Staff have a close working relationship with all major wine regions across South Australia, providing a high-level corporate security and event staff service. With over 50 years in the business, they are experts in the field and are incredibly proud of the connections made including securing events with a total of over **27 Million patrons** without incident (more than the current population of Australia).*

Weslo Staff has just launched a new project "Weslo is in Waiting". Weslo Staff are thrilled to have such interest shown by industries wanting wait staff and deciding to hire them through the new structure.

As a thank you to their supportive clients, a partnership has been formed with their venue Thebarton Theatre and Weslo Staff winery clients. For select shows at the theatre, featured clients wines have been showcased and put on sale for purchase.

In addition, marketing collateral has been prepared and displayed around the theatre, in the Thebarton Theatre newsletter and on social media pages. Weslo Staff have loved seeing patrons at the iconic Thebarton Theatre embracing their clients' wines.
